## How to Clone a YouTube Playlist

Do the following using the Chrome browser on a desktop or laptop computer:

### Step 1: Copy the Playlist Address (URL)

You can visit the playlist you'd like to copy and copy the playlist address from the browser's address bar.

### Step 2: Go to Your YouTube account

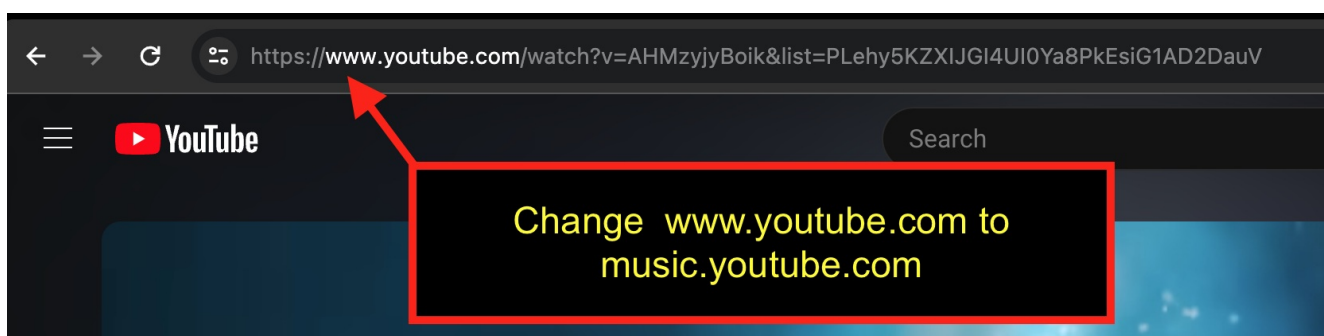

- Go to Youtube.com
- Using the Switch Account option under the currently logged-in user, switch to the desired account.

### Step 3: Paste the Playlist Address

Paste the already copied playlist address on your browser's address bar

### Step 4: Replace the 'www' in the address with 'music'

The playlist address starts with 'www.youtube.com/...', change 'www' to 'mujsic.youtube.com/...' and press enter.

### Step 5: Save the Playlist

You will see a Save button on the screen. Click on it and save the playlist to an existing or new playlist.
