Tech Founder's Demo Channels

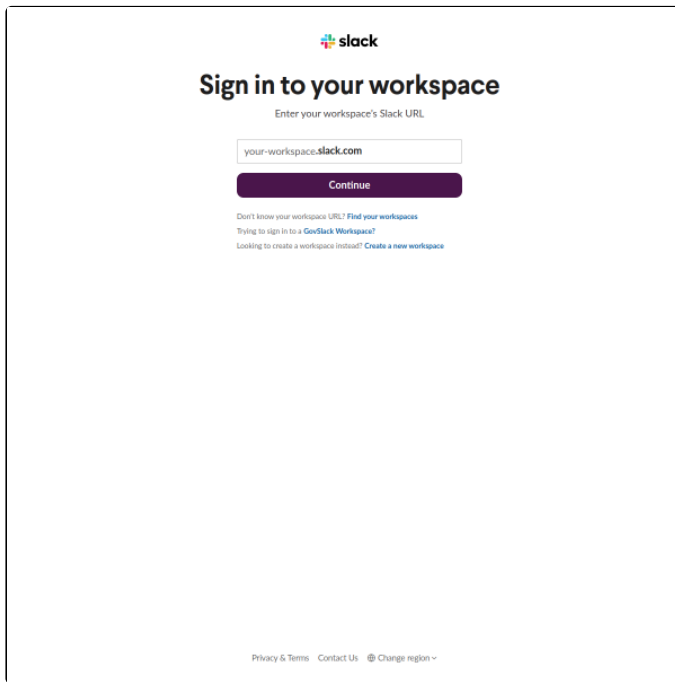

I am exploring publicly available Slack channels, YouTube channels, etc., where tech founders can present their products to a small to large audience for free.

TABLE OF CONTENTS

1. AI Product Hive Slack
2. AI Product Hive YouTube Demo Channel

AI REVIEW PASSED.

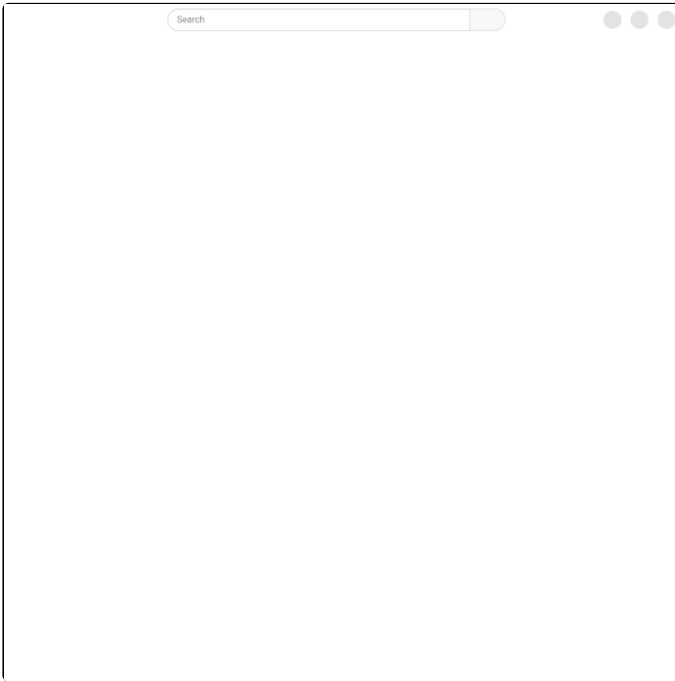

AI Product Hive Slack

AI Product Hive is a Slack-based community that focuses on Artificial Intelligence (AI) products and their development. The community brings together product managers, designers, and development teams to share ideas and collaborate on AI-driven projects. The primary goal of the community is to foster innovation and growth in the AI product space.
