Outbound Email Providers

Sending mail is not rocket science, but hosting mail infra is a hassle. We do not host mail so we use various email services for outbound email delivery. Here are some of our vendors and related research.

AI REVIEW PASSED.

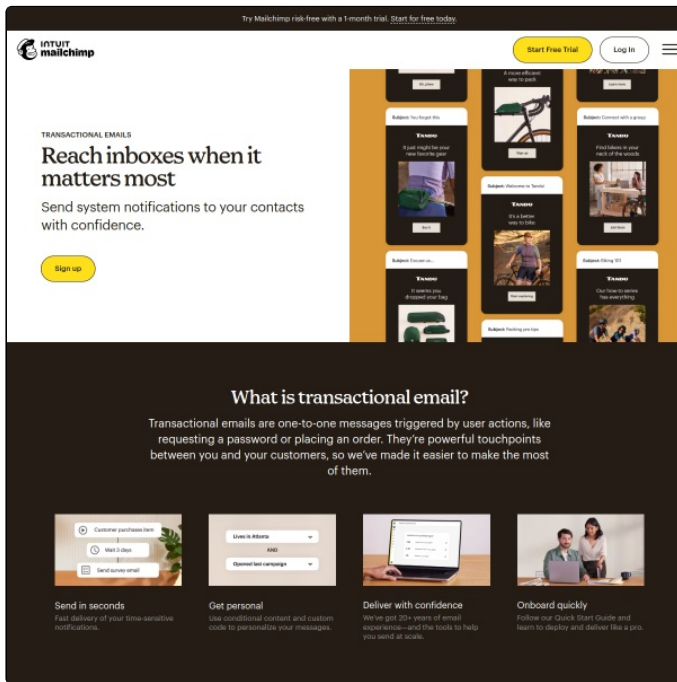

Resend

This is a new vendor and we haven't used it yet.
237 days 20 hrs ago

SendGrid - part of Twilio

We use Twilio for our SMS needs and now that sendgrid is part of Twilio, we might use it more.
