Mac Software I Love to Use

I have been using following software on Mac (M1, M2) for some years and love them.

AI REVIEW PASSED.

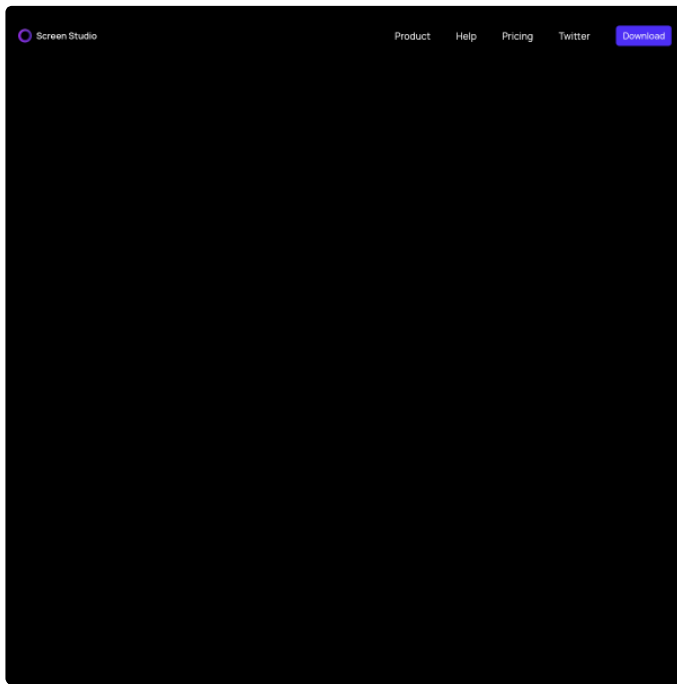

ScreenFlow - my most used screen recording software

I love the simplicity of this screen recording software and the editing is very simple and easy to master.

Screen Studio for Mac

I have just learned about this on Product Hunt (PH) and will be testing it out this week!

DropOver – Effortless Drag & Drop on your Mac

Dropover is a utility that makes it easier to manage and move content between folders, applications, windows and workspaces using Drag and Drop.
