## **My Wordpress Recommendations**

#### I dislike Wordpress a lot.

But my friends keep using it and keep asking me for recommendations.

I have SME company VPs using WP for their pet projects so its very dangerous for them to use random plugins and get their site hacked. Yep, it has happened. So I decided to make a list of my recommendations here.

AI REVIEW PASSED.

## Site Kit - Google's official WordPress plugin

Get insights about how people find and use your site, how to improve, and monetize your content, directly in your WordPress dashboard 485 days 16 hrs ago

## **Translation Plugin for Wordpress**

Transposh translation filter for WordPress offers a unique approach to blog translation. It allows your blog to combine automatic translation with human translation aided by your users with an easy to use in-context interface.

#### \*\* DISCLIAMER \*\*

I haven't used it myself but it looks good on paper and I think if you must have multi-lingual WP, this might be a way to go about it.
