Founders United X Spaces

I will post the Founders United X spaces links here to be available for anyone who wants to join.

The purpose of these X spaces is to get to know each other and their respective projects, discuss how to help each other in the upcoming launches and get more detailed help and advice from each other.

The screenshot shows a Zoom meeting interface with a black background. At the top left is a close button (X), and at the top right are share and more options icons. A red 'REC' indicator is visible. The meeting title is 'Tech Founders United' with several blue hashtags: #producthunt, #startup, #angels, #daemons, and #ai. Below the title, six participants are listed in two rows. Each entry includes a circular profile picture, a name, a role, and a verification checkmark. The first row includes Kabir (Host), StreamCatcher (Co-host), GP (Co-host), and Strangeloop (Speaker). The second row includes Pony Vigl (Speaker) and El Capitano (Speaker) with a Spanish flag. A rounded rectangle below the participants indicates '12 other listeners'. A message at the bottom states: 'The host is recording this Space. Everyone that speaks will be included in the public recording.' At the very bottom is a large blue button labeled 'Reconnect'.

Tech Founders United – Tuesday May 7th

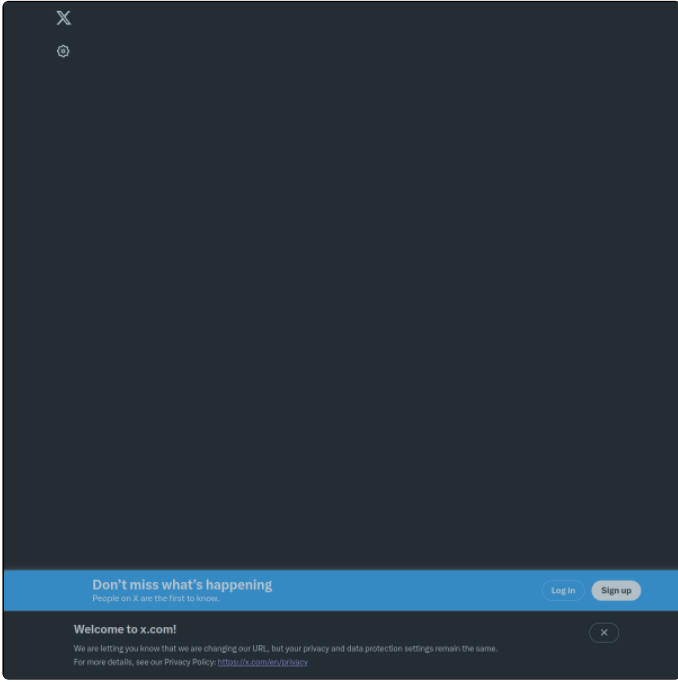

We had a reasonably good session. It will get better as we get more and more speakers.
